

REMARKS

These remarks and the accompanying amendments are responsive to the Office Action mailed March 22, 2007 (hereinafter, the "Office Action"). Claims 1-6 were pending at the time of the last examination, of which Claims 1, 3 and 5 are independent. The Office Action rejected Claims 1 and 2 and allowed Claims 3-6. By this response, Claims 1 and 2 are cancelled, and Claims 3-6 are not further amended.

Specifically, Claim 1 was rejected under 35 U.S.C. 103(a) as being unpatentable over United States patent number 6,195,551 issued to Kim et al. (the patent also hereinafter referred to as "Kim") in view of United States patent number 6,044,069 issued to Wan (the patent also hereinafter referred to as "Wan"). Dependent Claim 2 was rejected under 35 U.S.C. 103(a) as being unpatentable over Kim, in view of Wan, and further in view of United States patent number 6,628,631 B1 issued to Mazawa, et al. (the patent hereinafter also referred to as "Mazawa"). Claims 1 and 2 are cancelled herein thereby rendering both of these rejections moot.

Furthermore, the Office Action indicates that Claims 3-6 are allowable. Since these claims are the only remaining claims pending, favorable action is respectfully requested. In the event that the Examiner finds remaining impediment to a prompt allowance of this application that may be clarified through a telephone interview, the Examiner is requested to contact the undersigned attorney.

Dated this 13th day of June, 2007.

Respectfully submitted,

/ADRIAN J. LEE/
